ENGAGEMENT TYPE- DEDICATED TEAM

Highlights:

Quality Staff

Development Ecosystem
at No extra cost

Higher value for
money

Dedicated team engagement model is an arrangement to provide clients with new team members without asking them to go through the hassles of hiring and training new members. This dedicated team could comprise designers, developers, QAs, or all available on a requirement on dedicated basis.

CiS

We make IT possible!

Key Features Of the Dedicated Team Model:

- Enhanced visibility of project stages
- Increased control over which expertise to include in the team
- Higher project management flexibility than the fixed-scope model
- Better prediction of budget estimates
- Improved deadlines management
